CRRM Ltr 10-13-16.pdf

John,

EPA Region 7 would like to observe the NSPS Ja testing to be conducted at the CRRM Refinery next week (see attached letter). It is EPA's understanding that the testing will begin on Tuesday, October 25, 2016. Jeremy Meeks and myself plan to attend. Could you please confirm that the start date of testing is still October 25, 2016. Also, who should I coordinate with at the refinery regarding this matter?

Thanks,

**Bill Peterson, P.E.**
